

Constructive Solutions Announces Seminar Series on Prolog Construction Project Management Software
Meridian Value Added Reseller serving Western Canada to host 4 complimentary events for construction and building professionals

Vancouver, B.C. (February 15, 2012) – Constructive Solutions, a Meridian Systems Authorized Value Added Reseller (VAR) in Canada, will hold four one-day seminars in February and March 2012 to showcase the Prolog® software solution for construction, engineering and real estate professionals in Saskatchewan, Alberta and British Columbia.

Prolog software delivers construction project control and transparency to project-based organizations within Architecture/Engineering/Construction (AEC), Commercial and Public sectors. Prolog streamlines operations for engineering and construction firms managing several projects, public agencies implementing a capital bond program, or private building owners constructing a new facility.

Construction technology experts from Constructive Solutions will showcase the Prolog Suite of Project Management Software. Attendees will learn how to create a foundation for better decision making, better collaboration and a better bottom line.

Agenda:

- 12:00 pm:** Registration w/ Lunch
- 12:15 pm:** Prolog Presentation
- 2:45 pm:** Q&A

Who Should Attend

Owners - Program Managers - Construction Managers
 General Contractors - Governments - Sub-Contractors

Why You Should Attend

Get introduced to and evaluate a comprehensive construction project management solution to mitigate the following complex capital project challenges:

- **Collaboration:** Bring your entire team together, including owners, general contractors, designer & subcontractors, through role-based user interfaces
- **Cost Control:** Keep project costs on target with real-time cost management and budget tracking.
- **Notification Workflows:** Reduce paperwork and review cycles on RFIs, change requests/orders, submittals with notifications and workflows.

These complimentary seminars will take place in January 2010 at the locations below. Each event is scheduled from noon to 4PM.

Saskatoon, SK

Wednesday, February 29, 2012
